CHAPTER TITLE: ATTENDANCE, LEAVE AND OVERTIME

I. **INTRODUCTION**

Effective: 9/15/2003

This procedure references the state Division of Personnel (DOP) Administrative Rules and Policies. The intent is to interpret these DOP guidelines as they apply to the policies and processes of the Department of Transportation (DOT). In any case where DOP guidance appears to conflict with this procedure, contact Transportation Human Resources Division for further guidance.

The DOT employs several categories of personnel with varying degrees of eligibility for leave and overtime. The policies expressed in this Procedure apply to permanent employees, unless otherwise noted. For a quick reference to determine whether an employee is eligible for a certain kind of leave or overtime compensation, see Appendix A, in the back of this chapter. Categories of employment are defined in Appendix B.

DEFINITIONS OF SUPERVISORY TITLES AND OTHER DESIGNATIONS

- Immediate Supervisor:
The employee's supervisor, normally a section manager. (For Highways this includes the County Supervisors.)
- Organization Manager:
The next level manager of the employee's office/division. Normally the chief manager of an office, division or district within the agency.
- Chief Executive Officer:
The chief manager of the agency. The Commissioner, Director, etc.

- Payroll/Personnel Coordinator:
The person in a section or organization who is responsible for handling employee benefit matters and processing of various personnel-related forms. The entering of employees' time into the computer (REMIS) from Form DOT-12's may also be a duty.

II. **WORK SCHEDULES AND ATTENDANCE**

Effective: 9/1/2003

A. **NORMAL WORK SCHEDULES OF DOT AGENCIES**

It is the intent of the DOT to report 40 hours of work and/or leave each week for all full-time employees. Normal work schedules, and policies on whether lunch is paid or unpaid, vary from agency to agency, as follows:

1. Division of Highways (DOH): 7:30 a.m. to 4:00 p.m., Monday through Friday, with ½ hour unpaid lunch.
2. Division of Motor Vehicles (DMV): 8:30 a.m. to 4:30 p.m., Monday through Friday, with ½ hour paid lunch.
3. Division of Public Transit: 8:00 a.m. to 4:00 p.m., Monday through Friday, with ½ hour paid lunch.
4. Aeronautics Commission: 7:30 a.m. to 4:00 p.m., Monday through Friday, with ½ hour unpaid lunch.
5. Port Authority: 7:30 a.m. to 4:00 p.m., Monday through Friday, with ½ hour unpaid lunch.
6. State Rail Authority: 8:00 a.m. to 4:00 p.m., Monday through Friday, with ½ hour paid lunch.

B. **BREAKS**

Effective: 01/30/2010

1. Lunch breaks may need to be staggered to provide coverage for phones and other essential services. Appropriate supervisors will prescribe staggered lunch breaks when necessary, while considering the preferences of the employees involved.
2. Employees may not work lunch breaks to make up for an absence during the day without specific authorization from their organization manager. In no case is such an arrangement permissible on a regular basis.
3. Employees may take short breaks for refreshment or other personal matters, but break periods cannot be accumulated, used to shorten a workday, or used to extend a lunch period.

C. **ALTERNATIVE SCHEDULING POLICIES**

1. Permanent
 - a. Appointing authorities (such as the Commissioner of an agency) or their designees may establish a permanent or seasonal workweek schedule that is different from the normal schedule, providing that:
 - i. full-time employees will have 40 scheduled reporting hours,
 - ii. it is established to better serve the organization's objectives,
 - iii. it is applied to whichever employees and whatever number of employees as is necessary to meet the objective of the alternate schedule,

- iv. and it specifies the day and time that the workweek begins and ends, and the time that each work shift begins and ends.
- b.. Within the Division of Highways, District Engineers, Division Directors, or other appropriate managers may grant individual employees permission to alter their start/end time by one hour per day (e.g. 6:30 a.m. to 3:00 p.m. or 8:30 a.m. to 5:00 p.m.).
 - i. This alternative scheduling authority does not preclude Highways work scheduling policies, provided for in Section "II.C.1.a." of this chapter, in which an entire organization is assigned a different work schedule (i.e. four ten-hour shifts per week).
 - ii. Alternative scheduling must either represent the employee's regular schedule or must be for a specific time period. Employees may not be granted permission to work altered hours sporadically or at their own discretion.
 - iii. If an employee who is working an altered schedule must be absent from work during his or her work hours, the absence must be charged to the appropriate leave category.
 - iv. These guidelines do not necessarily preclude other arrangements in situations of extreme need on the part of employees. Supervisors should, in any case where some additional indulgence may be appropriate, submit the employee's request and the supervisory recommendation to Human Resources Division for further consideration.

2. Temporary

Any workweek schedule may be changed due to circumstances including, but not limited to, project deadlines, seasonal workload, changed priorities, vacancies, inclement weather, occurrence of a paid holiday, or other factors. Schedules may be revised, and it should be understood that:

- a. Employees will not receive an adjustment in pay as a result of the change unless more than 40 hours are reported that week.
- b. When a workday must be shortened by management due to unforeseen circumstances not referenced in "II.B.3" (Emergency), each employee reporting to the work site is guaranteed, by management, the right to perform at least two hours of actual work activity. (This circumstance applies, primarily, to hourly employees involved in road maintenance. These employees, when this circumstance arises, will be paid for the two hours and allowed, but not required, to take annual leave to make up the rest of the shift.)
 - (1) If the employee desires, annual leave or compensatory leave (if applicable) may be charged for the number of hours needed to compensate for those hours that were scheduled to have been worked that day. If the employee does not want to charge annual or compensatory leave, no other type of leave or leave of absence can be used.
 - (2) The immediate supervisor may allow employees to make up the hours they were not able to work later in the week or on the weekend, if possible.

3. Emergency

The Governor, or designee, may order all state employees or all in an affected area to not report to work due to emergency situations, except for employees who are essential to efforts of dealing with the emergency. In this situation, the non-essential employees who were scheduled to work are paid as if they had worked (up to eight hours) and their time is credited by the payroll/personnel coordinator to "other leave", for accounting purposes. The essential employees (who do work) are compensated either through adjusted work schedules or through monetary overtime payments, if applicable, when an employee actually works more than 40 hours in the workweek. Work schedules should be adjusted as soon as practical, preferably within the same work week, or if not possible, then within the same pay period, but no later than 30 days following the occurrence. If it is not practical to give the time off within the 30-day time period, an extension may be requested through Transportation Human Resources Division.

- a. When state offices are closed by Executive Order, as explained above, non-essential employees scheduled to work non-standard hours will be paid for ten hours, if scheduled to work four ten-hour day shifts per week, or for eight hours, if scheduled to work five ten-hour shifts per week.
- b. When offices are closed by Executive Order, part-time and temporary employees are paid eight hours, or for whatever hours they were scheduled to work not exceeding eight hours.

- c. Employees who are already scheduled for whole days of annual or sick leave on these days, will be charged for leave as planned and will not be given eight additional hours of "other leave."
- d. If nonessential employees report to work at the usual time when an Executive Order has been given which specifies a delayed reporting time, they will be allowed to take off the number of hours of delay, later that day or that same week.
- e. When employees are unable to report to work because of inclement weather or other emergencies but state offices are not closed, they will be granted annual leave or their work week will be adjusted to allow make-up for the hours missed, if possible. If no accrued annual leave is available, a personal leave of absence may be granted. However, employees must call in as soon as possible if they cannot report.

4. Unscheduled Duty

Employees who have completed their normal workday and have left the work site, may be required to return to work before the next scheduled shift in order to meet agency needs, owing to power interruptions requiring equipment or operations (computer) to be checked or restarted, robberies or break-ins at the office requiring statements or information for law enforcement, and other situations. Management will assign employees to respond to any situations such as these that are expected to occasionally occur. Employees who are required to report for unscheduled duty will be paid reasonable travel time from their residence to the reporting and/or work locations and back to their residence, as well as for the actual time spent performing the required work activities. In such situations, employees shall be credited with no less than 2 hours of work.

5. Snow Removal and Ice Control (SRIC)

Certain Division of Highways employees are expected to work SRIC duty during the winter months. The conditions of that function are as follows:

- a. Individuals involved in SRIC and designated to work on a particular shift shall personally contact by phone (at the work location or, if necessary, at home) his or her County Supervisor, Expressway Supervisor, or Assistant Supervisor/Supervisor in Charge, when snow is predicted during off duty hours. The employee will then receive instructions on reporting for duty.
- b. Work time commences when an employee reports to the prescribed work location as previously established by management levels noted above.
- c. If an employee is not needed for one shift, he or she will contact the Supervisor prior to the next assigned shift if snow is still predicted.
- d. If an employee has been away from home and returns, then becomes aware of the formation of snow or ice conditions, he or she is expected to call the Supervisor for instructions.
- e. If any employee desires to be away from home for an extended period, such as a weekend when snow is a possibility, he or she will contact the Supervisor to determine if an alternate employee can cover the employee's assignment.
- f. An employee on call or standby is not required to remain on call on the Division's premises or at home, but is required to leave word at home or with the Supervisor where the employee may be reached.

D. OVERTIME AND HOLIDAY WORK POLICIES

Effective: 9/15/2003

The organization manager, or designee, may require employees to work in excess of the normal working hours or on official holidays, when necessary to the public interest. Overtime work and work on holidays will be controlled and compensated for in accordance with the Division of Personnel's Administrative Rule, the Fair Labor Standards Act of 1986 and West Virginia State Code §21-5(C)-1 et seq.

1. The DOT workweek, for overtime purposes, is from 12:01 a.m. on Monday through Midnight Sunday.
2. Overtime is approved hours actually worked in excess of 40 hours for a workweek. No leave time, including holiday leave, is to be counted in the workweek's accumulation of 40 hours for overtime consideration.
3. Hourly and non-exempt salary employees who exceed 40 hours of work in a workweek are paid at one and one-half times the normal rate (time and a half) for the overtime hours. For salaried employees, the normal rate is calculated by dividing the annual salary by the standard annual work hours. Salary, exempt employees are paid, or otherwise compensated, according to the specifications of their individual job classifications.
4. Full-time employees who are required to work holidays will be paid for the actual number of hours worked plus an additional eight hours for the holiday. Part-time employees are entitled to receive payment in accordance with provisions of the Division of Personnel's Administrative Rule.

5. In the case of agencies that must modify holiday schedules to accommodate around-the-clock shifts or other special needs, the organization manager, or designee, may implement altered holiday schedules. Each agency should notify employees in advance of altered holiday work schedules and should schedule the altered holiday as close as possible to the officially scheduled holiday.

III. OVERTIME CLASSIFICATION AND PAY

Effective 8/16/2009

This procedure is to apply federal labor standards, as specified in the Fair Labor Standards Act (FLSA) and the Code of Federal Regulations (CFR), regarding eligibility for premium overtime pay to the employees of the Department of Transportation. It specifies positions that are considered clearly ineligible from premium overtime pay within the organizational hierarchy, and those considered clearly eligible for such. Further, it specifies a process by which the overtime status of all other positions will be determined and addresses payment for regular overtime hours to exempt employees. Such determinations will be made based on FLSA regulations and the West Virginia Division of Personnel's FLSA Interpretive Bulletin. This procedure does not apply to any positions with salaries specified by statute.

A. POLICIES

1. Overtime Classification and Pay Definitions

- a. Compensatory Time: Time off from work, without loss of pay, granted in return for an equal number of hours worked in excess of the standard hours for a given pay period.
- b. Exempt: Not entitled to premium overtime compensation otherwise required by the Fair Labor Standards Act.
- c. Non Exempt: Entitled to premium overtime compensation required by the Fair Labor Standards Act.

- d. Premium Overtime: Payment for hours worked in excess of 40 in a work week, computed at the rate of one and one half times an employee's regular hourly rate for the pay period in which the overtime work occurs.
- e. Regular Overtime Hours: Hours worked by certain exempt employees in excess of 40 in a workweek, computed at the employee's standard hourly rate.
- f. Excess Hours: Non work hours paid in excess of 40 in a workweek, computed at the employee's hourly rate for the pay period in which the hours occur.
- g. Straight Time Rate: An employee's standard hourly rate of pay.

2. Exempt Employees

The positions listed below, by virtue of the inherent and traditional duties associated therewith, are considered to fall within the Executive and/or Administrative exemption under the Fair Labor Standards Act, and therefore exempt from premium overtime compensation (see below)

a. Division of Highways

- C and H level Staff
- District Engineers/Managers
- Division Directors
- Assistant District Engineers
- District Comptrollers
- District Equipment Supervisors
- District Right of Way Manager
- District Administrative Services Managers
- County Highway Administrators
- Assistant District Maintenance Engineers
(Maintenance Assistants)
- District Area Construction Engineers

b. Division of Motor Vehicles

Division Directors
Regional Office Managers

c. Public Transit Division

Director

d. Public Port Authority

Director

e. Aeronautics Commission

Director

In addition to these positions, the exemptions provided for by the Act will be applied by the agency to other positions pursuant to individualized duties test examinations as described in Section III (A) (4).

3. Non-Exempt Employees

Employees who do not meet the Executive, Administrative, Professional and Computer Employees exemptions under the FLSA and the federal regulations are considered non exempt and therefore eligible for premium overtime pay. Such employees typically:

- Perform non administrative duties, have no Supervisory responsibilities,
- Do not hold any professional licensure, and do not primarily perform work in a field requiring advanced knowledge or a post secondary education degree in law, accounting, engineering, architecture, or physical/chemical/biological sciences.
- Do not primarily perform computer systems design, analysis or programming duties.

4. Tested Positions

All positions not falling in the exempt and non-exempt categories described above will be subject to an FLSA test as outlined in the West Virginia Division of Personnel White Collar Exemption Worksheet. The test will be conducted at the time an employee is hired or enters a new position, or at such time as an employee or agency manager requests an updated FLSA test.

5. Payment to Exempt Employees

- a. Exempt employees specifically identified in Section III (A) (2), except as noted below, and those identified through the test process provided for in Section III (A) (4), will receive either straight time pay or compensatory time for hours in excess of forty (40) per week. Employees may choose to receive either straight time pay or compensatory hours; provided, however, that such a choice may be made once in any given calendar year. Form DOT-129, Payroll/Benefits Transaction, is used by employees to declare their method of compensation (straight time or compensatory time). An employee's accumulated compensatory time balance may not exceed a maximum at any one time of 240 hours. Compensatory hours must be used prior to the effective date of separation from employment, or they are forfeited.
- b. Employees occupying the following exempt positions will receive neither straight time pay nor compensatory time for excess hours worked:

Division of Highways

C & H Level Staff
District Engineer/Manager
Division Directors

Division of Motor Vehicles

Deputy Commissioner(s)
Division Directors

Public Transit Division

Director

Public Port Authority

Director

Aeronautics Commission

Director

Employees identified in III(5)(b), above, may flex their working hours, at their own discretion, within a pay period, provided that the total number of hours for a given pay period are accounted for by work hours and/or leave time.

The Secretary of Transportation may, at his or her discretion, authorize the payment of straight time pay for employees identified in Section III(5)(b) of this policy, for hours worked in excess of 40 per week associated with specific tasks, programs or events requiring the employees services.

IV. AUTHORIZED LEAVE POLICIES

Effective: 2/15/2010

A. LEAVE WITH PAY POLICIES

All types of leave with pay (except Holiday Leave) require employees to:

- obtain approval of the immediate supervisor for planned leave as early as possible (a minimum advance request time may be established by the organization manager),
- obtain approval of the immediate supervisor for unplanned leave (personal emergencies, sick) at least by the organization's established reporting time (the time by which employees must call in for unexpected absences, set at the organization manager's discretion),
- complete and submit Form DOP-L1 to document the request and the approval or disapproval,
- have sufficient "earned" leave balance to cover the absence (Computer maintained REMIS displayed leave balances may be inaccurate. See DOT Volume III, Chapter 4, *LEAVE ACCRUALS, CHARGES AND BALANCES* item 2 for additional information),
- and charge a minimum of 1/4 hour.

Violations of these leave with pay policies may subject the employee to penalties described under section IV. of this chapter including disciplinary action up to and including dismissal.

Leave with pay is not permitted after an employee has already accumulated 40 hours of work time and/or paid leave within a work week. If an employee performs work after the accumulation of 40 hours of work time and/or paid leave, any leave hours attributable to the first 40 hours are still paid.

Leave usage is recorded on Forms DOT-12 for daily work reporting. (See Chapter 4, Labor Reporting, of this volume for processing information.) At the back of this chapter, Appendix "C" provides a listing of leave accrual and carry-forward rates, while Appendix "D" provides a listing of the leave with pay authorization numbers.

1. Annual Leave

- a. All permanent and provisional employees accrue annual leave.
- b. Approval for taking annual leave is based on the absence not affecting the efficient operation of the organization.
- c. Annual shall also be granted, upon request, to employees who have exhausted their sick leave, sick leave for immediate family and sick leave for death in the immediate family.
 - (1) A completed, signed Form DOP-L3, Physician's/Practitioner's Statement, is also required upon return from annual for a sick absence of more than three days.
 - (2) Do not confuse this use of annual leave with parental/family leave.
- d. Provisional employees must use all of their accrued annual leave, prior to the termination of their employment, in order to receive payment for it.

2. Sick Leave

- a. Permanent and provisional employees accrue sick leave for personal illness, medical operations and recovery, routine dental and medical appointments, etc.
- b. Time for travel to and from appointments may be charged to sick leave up to three hours per sick leave request.
- c. The maximum charge is one work year per substantially continuous absence, after which time the employee should consider disability retirement.
- d. Within two days of returning to work from sick leave of more than three consecutive workdays, employees must also submit a completed Physician's/Practitioner's Statement, Form DOP-L3.
 - (1) For extended periods of sick leave, a physician's statement confirming the necessity for continued leave must be submitted every 30 calendar days.
 - (2) The organization manager, or designee, may also require a physician's certification for all sick leave approval of an employee when it is deemed that the employee has a pattern of sick leave abuse. Abuse of sick leave will result in disciplinary action being taken against the employee. Factors potentially signaling leave abuse include:
 - Numerous and frequent short-term absences.
 - Numerous absences due to sick leave of three days or less.
 - Patterns of sick leave usage involving Mondays and/or Fridays or holidays.
 - (3) In the absence of the physician's statement, the time will be charged as unauthorized leave.

- e. The employee must submit the required Forms DOP-L1 and L3 at the earliest practical time. If an employee is unable to furnish a completed Form DOP-L1 or physician's statement in time to meet payroll deadlines because of extreme circumstances, the immediate supervisor (with approval of the organization manager) may approve sick leave without the required documentation. In this event, a letter explaining the circumstances must be attached to the organization's Form(s) DOT-12, Daily Work Report.
- f. Exposure to a contagious disease is a valid reason for sick leave approval when a physician states in writing that the employee has been exposed and that his or her presence at work may jeopardize the health of others.
- g. Employees that become ill while on approved annual leave and are treated at a hospital emergency room or are admitted to a hospital, may request that all or part of the time for treatment be charged to sick leave.
 - (1) The employee must make the request immediately upon return to work.
 - (2) The employee must provide a physician's statement or hospital statement listing the specific dates of hospitalization or emergency room services.
- h. Employees injured on the job:
 - (1) may not receive sick leave at the same time they are receiving Temporary Total Disability (TTD) benefits through Workers Compensation Fund,
 - (2) must choose at the outset of their absence whether to use sick leave or accept TTD benefits.

- (3) If the employee elects to accept TTD, sick leave may be paid until the claim has been ruled compensable and the first benefit check is received. But, the employee must reimburse the DOT the net value of sick and annual leave benefits paid, in accordance with Division of Personnel policy.
 - i. Accrued sick leave balances of provisional employees terminate at the end of their employment.
- 3. Sick (Immediate Family): All employees who are eligible for paid sick leave may use up to 40 hours of their accrued sick leave per calendar year for illnesses and/or routine dental and medical appointments of members of their immediate family.
 - a. "Immediate family" members include father, mother, son, daughter, sister, brother, husband, wife, mother-in-law, father-in-law, son-in-law, daughter-in-law, grandmother, grandfather, grandson, granddaughter, step-mother, step-father, step-sister, step-brother, stepchild, and individuals in a legal guardianship relationship.
 - b. The organization's payroll/personnel coordinator is responsible for tracking employees' sick leave hours which are used for "Sick (Immediate Family)."
 - c. All other "sick leave" rules apply.
- 4. Sick (Death in Immediate Family): All employees who are entitled to paid sick leave may use up to 3 days of accrued sick leave (per occurrence) for death in their immediate family (as it is defined in III.A.3.a.).

5. Leave Time for Organ Donation:

- a. Full time employees shall receive up to 120 hours of leave with pay during each calendar year to use during those hours when the employee is absent from work because of the employee's donation of any portion of an adult liver or because of the employee's donation of an adult kidney.
- b. Full time employees shall receive up to 56 hours of leave with pay during each calendar year to use during those hours when the employee is absent from work because of the employee's donation of adult bone marrow.
- c. Eligibility includes time spent for pre-operative testing to determine the potential donor's surgical fitness and compatibility. This is the case whether or not the potential donor is found to be compatible or the organ donation occurs.
- d. The employee must request paid leave and provide verification of the pre-operative testing and/or organ donation on the forms prescribed by the Division of Personnel.
- e. Leave may be taken continuously or intermittently.
- f. Leave taken for this purpose shall not be charged against employee's accrued sick or annual leave balance.

6. Holiday leave: Employees are entitled to time off with pay for official holidays subject to the following.

-
-
- a. Employees are eligible to receive payment for a holiday provided the employee works or is on approved paid leave status for 1) either the full scheduled workday before or after the holiday, **AND** 2) either works or is on approved paid leave status for any fraction of the scheduled workday before or after the holiday. It is necessary for one of the days to be a day for which the employee receives payment for a full scheduled workday.
 - b. Full time employees receive eight hours of holiday leave for each official holiday.
 - c. Part time employees receive payment for holidays in proportion to the amount of time worked as compared to the employer's standard workweek.
 - d. Employees who work alternative schedules that require them to work on holidays will be given the time off on another day (see "II.C.5." for details), or may be paid for eight hours of holiday leave in addition to being paid for the hours actually worked.
 - e. In accordance with West Virginia State Code §2-2-1 et seq., official holidays are: New Year's Day, Martin Luther King's Birthday, Presidents' Day, Memorial Day, West Virginia Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, Christmas Day, any day on which an election (primary or general) is held throughout the State, and such other days as the President, Governor or other duly constituted authority shall proclaim to be legal holidays. See section 15.01 (b) of the Division of Personnel's *Administrative Rule* for details.

7. Military Leave: All employees who are members of the National Guard or of any of the Reserve Components of the Armed Forces of the Federal Government are entitled to paid military leave without loss of status or efficiency rating on all days during which they are engaged in drills or parades during business hours ordered by proper authority, or for field training or active service for a maximum period of 30 working days in any one calendar year ordered or authorized by proper authority.

Additionally, all employees who are ordered or called to active duty by the President of the United States are eligible for an additional paid leave of absence without status or efficiency rating for a maximum period of 30 working days.

- a. Holiday leave will be paid and official holidays are not included in figuring the "30 working day" limit for military leave, providing that the eligibility requirements for being paid holiday leave are met.
- b. This "paid" status is unaffected by any other compensation these employees may receive.
- c. This paid leave policy does not apply under the provisions of any Selective Training and Service Act. Employees in this situation may request and will be granted an unpaid leave of absence (see "III.B.3.").
- d. Organization managers are authorized to approve military leave. The employee must submit a copy of the official orders from the appropriate military authority in advance of leave being granted. The official orders must be attached to the organization's copy of the Time Report for subsequent audit.

8. Witness/Jury Service Leave

Permanent employees will be granted witness/jury service leave with pay when, in obedience to a subpoena or direction by proper authority, they serve on a jury or appear as a witness before any court or judge, any legislative committee, or any officer, board or body authorized by law to conduct any hearing or inquiry.

- a. The organization manager, or designee, will require the employee to furnish written confirmation of the employee's need to be on witness/jury service leave.
 - (1) Failure of an employee to submit a summons or other documentation in advance of taking witness/jury service leave will result in accrued annual leave being charged.
 - (2) Failure to submit the required documentation at all will result in the employee being placed in unauthorized leave status for the absence.
 - (3) The employee must furnish official written documentation from the court or hearing officer immediately upon returning to work.
- b. The DOT will not support an employee's request to be excused from jury duty unless there is a bona fide emergency where an employee's absence from regular duty would cause significant problems in the agency's work progress.
- c. If the jury duty or duty as a subpoenaed witness does not occupy a full working day, the employee must report back to work for the remaining scheduled work time, unless the remaining time would be less than one hour (making a reasonable allowance for travel time).

- d. If an employee who normally works evening or night shift must serve as a juror, the employee should be placed on day shift, if practicable, for the length of such service and be given time off on witness/jury service leave.
 - (1) Schedule adjustments are recommended because of the fatigue factor, which may contribute to increased errors, security risks, and safety infractions.
 - (2) Employees who are subpoenaed to be witnesses and normally work evening or night shift may also request a schedule adjustment.
 - (3) If an employee is appearing in court on behalf of and at the request of the Division of Highways, the employee is not required to submit documentation and is to be paid for actual hours incurred from the organization's administrative overhead account.
- e. This policy does not apply in cases where the employee is a litigant, defendant or other principal party or has a personal or familial interest in the case or proceeding.
- f. This policy does not apply to involvement in Grievance proceedings. See Volume III, Chapter 5 of *DOT Administrative Procedures* for that information.

B. LEAVE OF ABSENCE WITHOUT PAY

Effective: 9/15/2003

Employees on a leave of absence without pay:

- do not accrue annual leave, sick leave, or compensatory time;
- are not eligible for holiday leave;
- are not eligible for salary advancements;
- do not gain leave accrual rate increases, incremental increase, layoff consideration or tenure for retirement.

These stipulations do not apply to employees on military leave of absence.

Contact Transportation Finance Division for details about worker's compensation claims.

All leaves of absence without pay require:

- the employee to complete and submit a Form DOP-L2 to document the request and the approval or disapproval;
- the organization's payroll/personnel coordinator to complete and submit a Form GL-5 (with a copy of the Form DOP-L2) to Transportation Human Resources Division and Form DOT-129 to Transportation Finance Division to deactivate the employee, and; the organization's payroll/personnel coordinator, after the employee returns to work, to contact Transportation Human Resources Division to reactivate the employee, complete and submit Form DOT-129 to Transportation Finance Division, Payroll Section, for leave balance adjustment payroll activation and Form GL-5 to Transportation Human Resources Division.
- Transportation Human Resources Division must report all leaves of absence to the Division of Personnel.

1. Personal Leave of Absence

- a. An agency's chief executive officer (or designee) may grant any permanent, probationary or provisional employee a personal leave of absence for a specific period (normally a maximum of one year).
 - (1) Periods exceeding one year may be granted by the chief executive officer, based on the organization's personnel needs.
 - (2) Organization managers may independently grant a personal leave of absence for periods of five consecutive working days or less.
 - (3) Time spent by probationary employees for leaves of absence shall not be construed as time served in completing the probationary period. This section shall not be construed to extend the provisional period limitation.
- b. Employees must pay 100% of their medical and any optional insurance premiums for personal leaves of absence of one calendar month or more.
- c. Upon return to work, the employee will either be returned to their former position or one of comparable pay and duties without loss of rights, unless the position is no longer available due to a reduction-in-force.

2. Medical Leave of Absence

- a. Available to permanent employees. Chief Executive Officers (or designees) will approve this leave if the employee meets all of the requirements.
- b. Limited to a maximum of six continuous calendar months in a 12-month period.

- c. Application is made with Form DOP-L3, Physician's/Practitioner's Statement, completed and submitted to the immediate supervisor, along with Form DOP-L2.
 - (1) The physician must verify on Form DOP-L3 that the employee is ill or injured and unable to perform work duties, and provide a tentative date for returning to work.
 - (2) Employees must apply no later than 15 calendar days following the expiration of all sick leave, or no later than 15 calendar days following the day on which an employee files a claim for Worker's Compensation, or within 15 days after injury or illness.
 - (3) Upon application, the employee may retain all, or any portion and combination of, annual or compensatory leave balances. An employee may retain all, or any portion of, a sick leave balance if the injury or illness is one for which a Worker's Compensation claim will be filed.
 - (4) Following approval, a new Form DOP-L3 must be submitted each time the employee's condition is re-evaluated to confirm the necessity for continued leave.
- d. The chief executive officer, or designee, will mail (by certified mail) to the employee a written notice of the employee's right to a medical leave of absence without pay. This must be done at least fifteen days prior to (if possible) but no later than five days following the expiration of the employee's sick leave (if the employee has opted to use sick leave). A copy of the letter will be sent to Transportation Human Resources Division to be placed in the employee's personnel file.

- e. Upon approval, the chief executive officer, or designee, must notify the employee by certified mail that the request for a medical leave of absence has been granted. The letter will specify the beginning and ending date of the leave of absence, insurance information and what is required before the employee returns to work. A copy of the letter will be sent to Transportation Human Resources Division to be placed in the employee's personnel file.
- f. Employees are required to remit to the Department of Transportation payment for their portion of the basic health insurance premium. The DOT will continue to pay the agency share.
 - (1) If an employee is enrolled for optional and/or dependent life insurance, 100% of the premium will be remitted by the employee.
 - (2) All applicable premiums are to be mailed to the Payroll Section of Transportation Finance Division no later than the fifth day of each month.
- g. When an employee is approaching the last month on medical leave of absence without pay, the organization manager, or designee, will notify the employee (by certified mail) of his or her expected return date. The employee will also be reminded that failure to return for work promptly at the expiration of the medical leave of absence, except for satisfactory reasons submitted in advance, will be cause for recommendation for dismissal. A copy of the letter will be sent to Transportation Human Resources Division to be placed in the employee's personnel file.

- h. After the expiration of a six months medical leave of absence, if the employee is still unable to work, the chief executive officer, or designee, may (but is not required to) grant a personal leave of absence. The request, granting and continuance of a personal leave of absence for an ill or injured employee, will be governed by the same rules and regulations as the granting of a medical leave of absence. This includes the payment of insurance premiums.
 - Insurance premiums for a non-Worker's Compensation illness or injury will be paid for a maximum of 12 months (six months of medical leave of absence plus six months of personal leave of absence).
- i. If the employee is still unable to return to work after the expiration of six additional months of personal leave, the Director of Transportation Human Resources Division, or designee, may (but is not required to) grant an extension of personal leave. The decision of this officer, on whether or not to grant an extension, is final. The request and continuance for this extension will be subject to the same requirements as for a medical leave of absence. The agency portion of insurance premiums for injured employees receiving Worker's Compensation will be paid by the DOT. All other employees will be responsible for paying 100% of the insurance premiums.
 - (1) If an employee's leave of absence is due to a Worker's Compensation illness or injury, the leave for a single injury is limited to the period during which Temporary Total Disability benefits are received, or 24 months, whichever is longer.

- (2) If an employee's leave of absence is due to a non-Worker's Compensation illness or injury, the maximum period of leave cannot exceed 24 consecutive months.
- j. Upon returning to work, the employee will be reinstated to his or her former position, or one of comparable pay and duties, without loss of rights. At this time, the employee must furnish a statement from the attending physician (Form DOP-L3) indicating the ability of the employee to return to work.
 - (1) The chief executive officer, or designee, may permit an employee to return to work at or before the expiration date of the leave of absence at less than full duty, but the terms of return shall be written and are subject to review and renewal through the chief executive officer, or designee, every 30 calendar days. Such review may include the requirement of additional certification by a physician.
 - (2) Failure of the employee to report promptly at the expiration of a medical leave of absence, except for satisfactory reasons submitted in advance, is cause for recommendation for dismissal.

3. Military Leave of Absence

Any employee entering the U.S. Armed Services in time of war, national emergency or, under compulsory provisions of U.S. law in time of peace, may be granted a military leave of absence without pay. Upon completion of and discharge from any such Armed Service (and within the applicable time period described by federal statute, rule, or regulation), the employees shall have the right to return to

DOT service without any prejudice whatsoever to status, merit rating, or standing by reason of such absence. Employees will be credited with all annual leave, sick leave, and compensatory time not used at the commencement of their military leave of absence.

- a. When applying for such leave, the employee must submit a copy of the official orders from the appropriate military authority to the organization's payroll/personnel coordinator, who will then submit the orders and other documentation to Transportation Human Resources Division and Transportation Finance Division.
- b. When returning from such leave, the employee must submit a copy of the official military discharge papers and a completed Form GL-5 to Transportation Human Resources Division. A completed Form DOT-129 must be submitted to Transportation Finance Division, Payroll Section.
- c. Military leave will not be allowed to be used as an attempt to enlarge or extend the length of employment of any temporary employee or to create a definite term in a position where none existed before.
- d. If any of the rules or regulations expressed in this section are found to be in conflict with federal statutes, rules or regulations, the federal law shall prevail.
- e. Employees who enter the Armed Services under circumstances other than those specified above must resign, but are eligible for reemployment in accordance with and subject to the provisions of the Veteran's Reemployment Rights Act (contact Transportation Human Resources Division for details).

4. Educational Leave of Absence

Employees may apply for a leave of absence without pay for the purpose of pursuing additional education. The agency's chief executive officer has the authority to approve or disapprove an application for such leave.

- a. Employees requesting educational leave are advised to thoroughly and explicitly express their reason for requesting this leave on Form DOP-L2 or on a separate letter attached to this form.
- b. Each agency's policy on the granting of this leave may vary, along with requirements for additional documentation and applications. It is the responsibility of the agency's chief executive officer, or designee, to provide such details to the employee.
- c. Educational pursuits may be subsidized, non-subsidized or reimbursable, depending on the employee's reason for requesting educational leave and the agency's policy on education. However, in no case will educational leave be considered paid leave.

5. Parental/Family Leave of Absence

Any permanent employee who has worked for at least 12 consecutive weeks may take an unpaid parental/family leave of absence. This policy and the provisions thereof are in compliance with the Federal Family and Medical Leave Act of 1993 and the West Virginia Parental Leave Act, over which the federal act takes precedence if there is any conflict of the two.

- a. This unpaid leave can be taken:
 - (1) At the birth of a child of the employee.

- (2) At the placement of a child by adoption.
 - (3) To care for an employee's child, spouse, parent, or dependent who has a serious health condition. This leave can be taken intermittently when medically necessary.
 - (4) At an employee's own serious illness.
- b. The qualifications and conditions of family leave are as follows:
- (1) Leave is restricted to 12 weeks in a 12 month period.
 - (a) This may be taken on a part-time leave schedule, but may not exceed 480 hours, and must be mutually arranged between the employee and supervisor.
 - (b) If a husband and wife are both state employees, both are entitled to the 12 weeks.
 - (c) An employee may substitute any part of this unpaid 12 weeks with paid leave, if available (documentation must be made on Form DOP-L1).
 - (2) The employee must submit Form DOPL5 and give two weeks notice to the immediate supervisor that he or she will be taking parental/family leave, if practical.
 - (3) The immediate supervisor may require certification of a serious illness of the employee's family member from a health care provider before granting leave (use Form DOP-L4, Physician's/Practitioner's Certification or the physician's own written statement).

c. During parental/family leave, or at its conclusion:

- (1) The employee's job position will be held and he/she will be returned to the position.
- (2) Employees are entitled to the same insurance coverage (and premium obligation) they would have if working, while on leave.
- (3) If the employee fails to return to work, the DOT may seek to recover the health insurance premiums paid by the DOT.

V. **UNAUTHORIZED LEAVE POLICIES**

Effective: 9/15/2003

When an employee is absent from work without authorization, for sick or annual leave, the employee is on unauthorized leave. This is a disciplinary action that results in the loss of an employee's pay. This unpaid time is not counted as tenure for leave accrual purposes, incremental increase, or as tenure with DOT if a reduction in force is effected. Unauthorized leave is counted in increments of one-quarter of an hour and no time is reported for this form of absence on DOT-12 Forms.

Immediate supervisors are to document the unauthorized leave with the completion and submission of Form RL-544 and Form RL-546 (disciplinary action forms). Also, Form GL-5, "Personnel Transaction Form," (to reduce the employee's tenure) must be submitted to Transportation Human Resources Division.

Immediate supervisors may place an employee in unauthorized leave status whether the affected employee has accrued leave available or not, under the following circumstances:

- Failure of an employee to notify the immediate supervisor of the reason for an absence prior to the call-in time established for the organization (see III.A.).

(Supervisors should not apply this discipline when unusual or emergency situations make this rule difficult or impossible for the employee to follow.)

- If, when the employee does call in, the supervisor feels that the reason the employee gives for not calling in at the proper time is an acceptable reason, he or she may allow the employee to retroactively apply for paid leave or a leave of absence for the time missed from work.
- Failure of an employee to report for work at a time for which annual leave was previously requested but denied by the supervisor.
- For tardiness.
 - (1) If an employee is tardy for work and has failed to notify the immediate supervisor in advance, he/she may be placed in unauthorized leave status.
 - (2) If this action is taken and the tardiness is less than 1/4 hour (or not on the quarter hour: e.g. beginning of shift is 7:30 and employee comes in at 8:05), the employee is not to be allowed to begin work until such time as the total unauthorized leave can be counted in 1/4 hour increments.
 - (3) The immediate supervisor is to instruct the employee (in the presence of one witness) that he or she may either leave the work premises or sit in the supervisor's office for the period of time needed to complete the 1/4 hour increment.
 - (4) If the employee is allowed to begin work, he or she must be paid for the 1/4 hour in question and cannot be placed in unauthorized leave status.
